**Re: Dutchess Community College Petition to Establish Lead Agency
Dutchess Community College Housing Project
T/Poughkeepsie, Dutchess Co., New York
DCC Re-submittal May 28, 2009**

Dear Commissioner Grannis,

This is a request to take another firm look at the Dutchess Community College (DCC) request to be lead agency.

I have been following the issue from day one. When DCC originally released the information that they wanted to build dormitories, the local District came alive with concerns. I am sure you are aware by now the issues behind every ones issues.

To bring your agency up to speed or the complete picture, one of which in my opinion has been mixed with partial and half truths, will take realistically a few hours. It is my greatest hope to physically allow myself along with any party you feel can bring the facts before you.

I understand that multiple letters and mails have come before you, one of mine also.

With so much affecting so many residents, municipalities, the District, colleges and hospitals. Besides the Fire and other Emergency Services, so much is being affected.

To produce a Lead Agency without all necessary facts will be doing the DEC an injustice- besides the people you serve.

I am available any time, along with all Elected Officials from Commissioners of the Fire District; Town Supervisors (2), this district has 2 towns affected, Legislators 2, Town councilman whose district is in

question, and most certainly DCC, Assemblyman Joel Miller and Senator Steve Saland.

I need to emphasize the unusual request of mine as a most serious and detrimental effect this will have if not done and or scrutinized to the fullest.

With utmost respect and honor,

Mr. James R. Doxsey

Dutchess County Legislator District 1
